

Fall, Fall in Swing 2020

NEST HOTEL AREA GUIDE

Here's our guide for restaurants and cafes around the Nest Hotel. Most restaurants close around 10pm with a few pubs open until around 1am so remember to plan accordingly! This is just a guide, and we haven't tried all the restaurants in the area, so if you're feeling adventurous feel free to try something that's not on the list as well! Check out the general info first, and menus and pricing breakdown a bit farther down. (Note: times might not be exact, and we can call ahead for you!)

Area 1: Main menu: Sashimi and Kalguksu (Seafood Noodle Soup)

Just across the street from the Nest Hotel parking area, this area is about a 5 minute walk. It is mostly made up of various “hway” or raw seafood restaurants. It's all fresh, local seafood, but for those who are a little squeamish, there is also a noodle soup that is famous to this area.

Area 1 Picks

The first of our recommendations that you'll come to along the left side of the road is:

Pick 1: Yaddlie Chicken (2pm-1am) 야들리에 치킨

This is a normal fried chicken restaurant. They also have ramen and a few other dishes and sell beer and Korean soju. They also deliver to Nest Hotel! So if you need some help with delivery, find one of our staff! The manager recommended the garlic chicken or soy chicken (kanjang chicken in Korean!) and offered free soda with large orders for our group.

If you go a little bit further, you'll see:

Pick 2: Road Cafe (12pm-7pm)

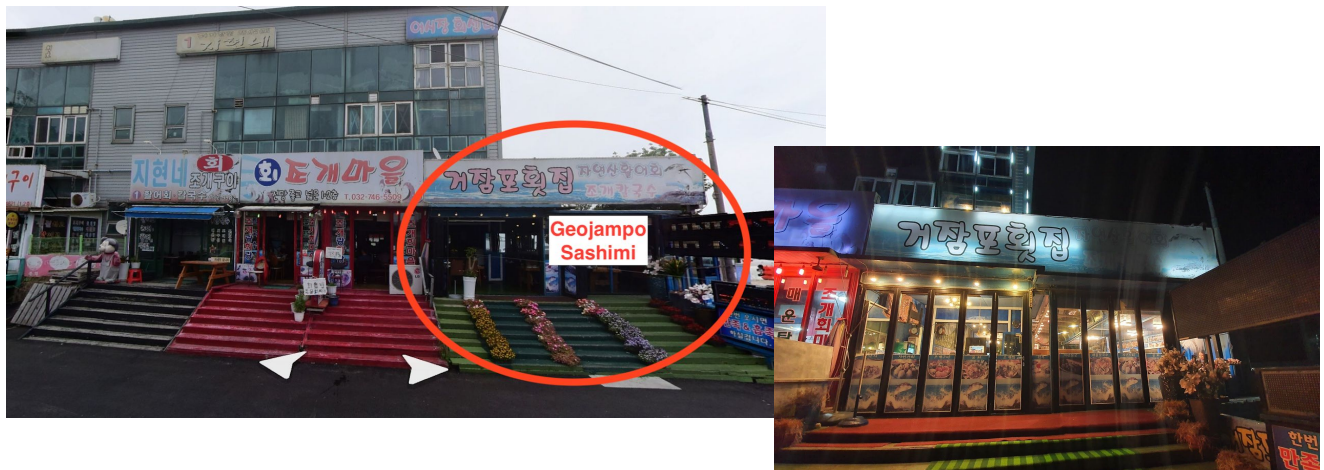

A little cafe with reasonably priced coffee and bagels. Good for a snack or pick-me-up between workshops! If you're thinking of going with a big group, let us know and we can call ahead!

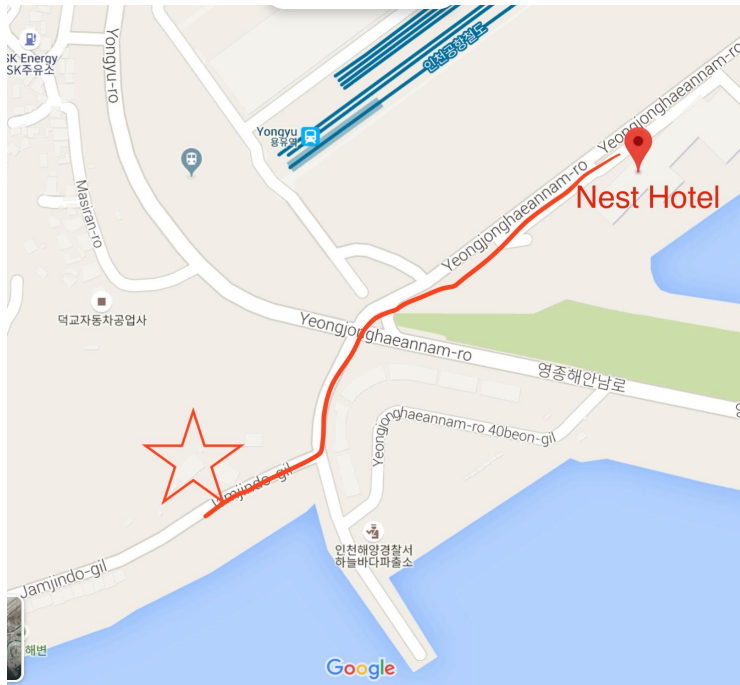

Next is our recommendation in this area for seafood. Most of the restaurants in the area have similar menus, but this restaurant is the biggest on this road and has offered a discount for large groups.

Pick 3: Geojampo Sashimi (Geojampo Hway Jib) 거잠포횃집 (~10AM~2AM)

The final building in the little stretch of restaurants, this restaurant has a variety of raw seafood options. While it is a bit pricey, there is also a cheaper option to have noodle soup, which this area is famous for. Ask our staff to call ahead if you're going after 11PM.

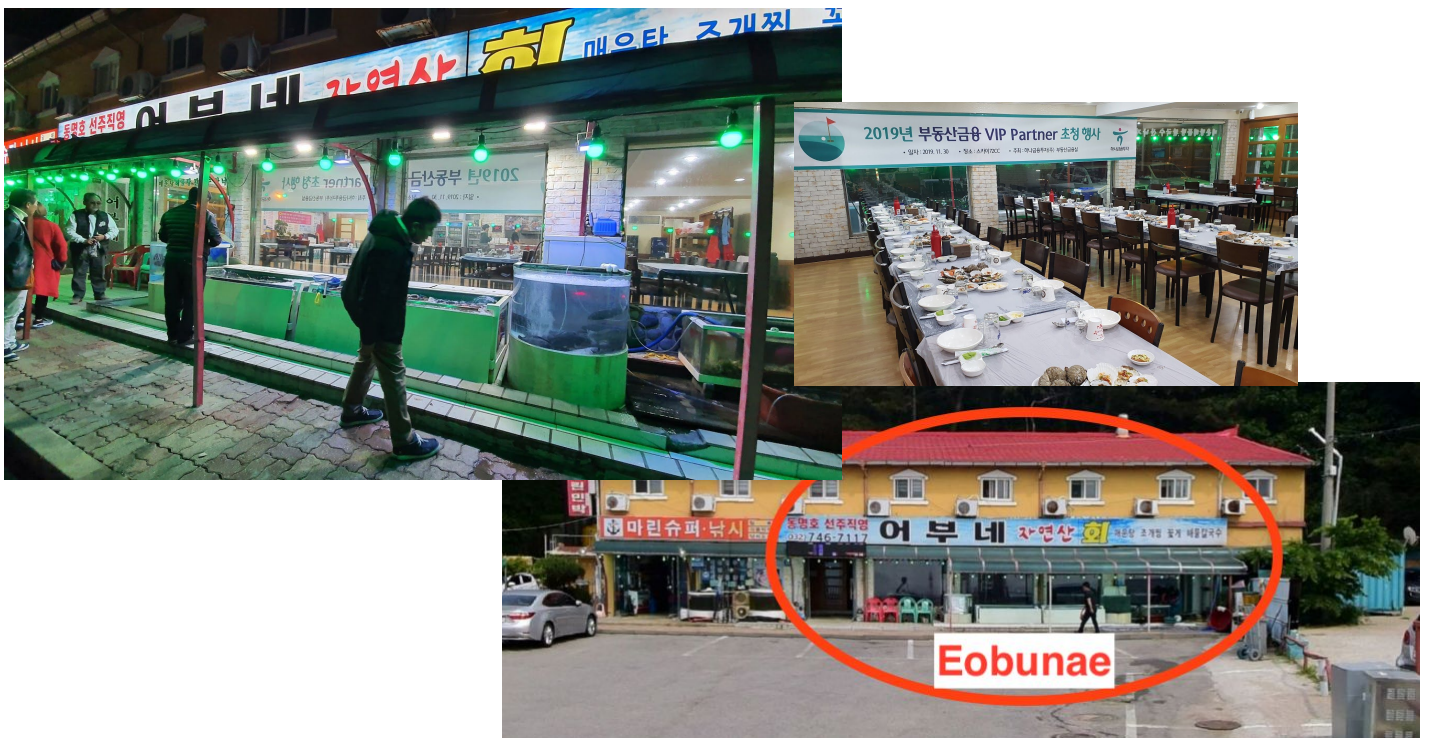

Area 2: Main Menu Sashimi and Coffee

Rather than continue straight after crossing the street, if you head straight towards the ocean and then turn right (in front of Road Cafe) there are some more restaurant options, and a trail along the water that could be nice for a brisk walk! There are more big sashimi and raw seafood restaurants, as well as a big comfy cafe with a view of the ocean that would be perfect for a quick break, and a convenience store (that sells cigarettes, if there are any smokers attending.) This area is about a 5-10 minute walk from the hotel.

Pick 1: Eobunae Natural Sashimi (~9:30am ~ 10:30pm) 어부네

With the fish tanks outside, you know the fish are fresh! This sashimi restaurant is similar to Geojampo, but has lots of long tables in case you want to come with a larger group.

Pick 2: Marine Super (5:00am-10:00pm) 마린슈퍼

Located right next to Eobunae, this convenience store is convenient if you're stopping by the area for some sashimi or coffee and need to pick up some snacks, drinks, or cigarettes (this is the only nearby convenience store that sells cigarettes.) Stocked with cup noodles, snacks, sweets, soft drinks, and hard drinks, and also fishing supplies...just in case?

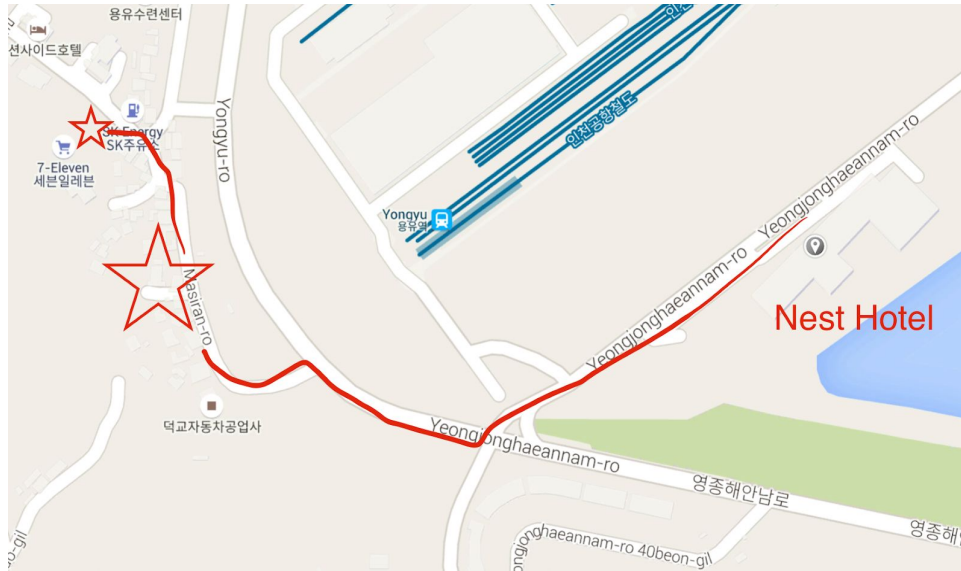

Pick 3: Cafe Jamjindogil 28 or J28 (10:00am - 10:00pm) 카페 잠진도길28

Just a minute from Eobunae/Marine super is a HUGE cafe with a beautiful view of the bay, this is a great place for a break. A little pricier than Road Cafe, this isn't the best place to come just to grab a takeout coffee, but it is a cool place to hang out outside of the hotel! They also have some pastries and cookies, which might be nice for breakfast or a snack. The cafe is on the 2nd, 3rd, and rooftop floors. You can place your order on the 3rd floor!

Area 3: Oyster Rice, Grilled Fish, and Beyond!

About 5-10 minutes (the closer end is 5 minutes, and the further end is 10) from Nest Hotel, this area also has lots of seafood, but also some options for those less fond of fish and friends! Just cross the street and turn right immediately and you'll see Area 3!

Picks 1, 2, and 3: Mother-in-Law's House (Jangmonim Jib) 장모님집 Ginkgo Tree (Eunhaeng Namu Jib) 은행나무집 & Airport Village (Gonghang Maeul) 공항마을 (~9:00am ~ 9:00pm)

These 3 are all quite similar in terms of menu options and pricing and hours, and they're all right next to each other! With grilled and marinated fish sets (serving 2 people) for 30-40k KRW or hot pot rice (with or without oysters) for 10-15k KRW being the main dishes at all 3. Check out the menus below and take your pick!

Pick 4: Coco City Chicken (4:00pm ~ 1 or 2:00am) 꼬꼬시티치킨

If you continue past the 3 restaurants mentioned above, you'll find a fun little Korean pub that specializes in Korean fried chicken and other dishes that are popular among Koreans when out for a drink. This restaurant also does takeout and is open the latest in the area.

Pick 5: 7-11 (9:00am - 11:00pm)

If you go past Coco City into the alley and turn left, there will be a gas station on your right and a 7-11 on your left! The most modern and probably convenient convenience store in the area, 7-11 is equipped with tons of food and drinks. (You could easily pick up breakfast or lunch here!) They also have toiletries, disposable goods, slippers, wine, febreze, coffee and pretty much anything else you forgot to pack or might need

Pick 6: Chinese Restaurant (~ 8:30am ~ 8:30pm) 별난 해물 짬뽕

The next pick is attached to 7-11. Korean Chinese food is different from Chinese food anywhere else in the world, so it might not be exactly what you'd expect, but there are some amazing options from their specialty, spicy seafood noodle soup, to black bean noodles, to sweet-and-sour pork. There is something for everyone!

Restaurant Menus & Pricing

- These are our picks! To pre-screen the menus and look at prices (as of December 2019), see below!
- If you want to order delivery, there are only a few delivery options so see event staff and they can help!
- Please note that some options may be seasonal, or not available for delivery. All blog links are in Korean, but there are lots of pictures.
- Feel free to ask Event Staff if you have any questions about ingredients or food restrictions and we can call the restaurant and ask.
- Keep in mind a lot of fish restaurants serve the fish with the bones still in them, so if you're worried about it, why not head out to a restaurant with some new (or old) Korean friends to help you navigate the many interesting dishes!
- The English level might be somewhat low among staff at the restaurants. And pronunciation of words can be different even when the word is the same. Feel free to show this guide and point at the Korean words (next to the English words). Pointing at the pictures in the menu usually works as well!

****Note! Restaurants in Korea are not totally fixed. These prices, menu options, and even opening times could change before the event, and this is just a guide to give you an idea.****
